Politeness, coupled perhaps with ignorance and confidence in everything an educated Frenchman said on the pronunciation of his own language (a confidence which subsequent investigation has greatly shaken), prevented further discussion. Since that time, the writer has met many instances of Frenchmen correcting the consonant in a syllable, when it is the vowel which is faulty, and vice versa. This is all the more likely to occur when the consonant is a voiced one, and especially when it is what may be called a semi-vowel, as in this case. The real cause of complaint in the word in question was the second vowel, which is usually represented as 0. It is, however, not so open as in most words containing 0, being usually almost a middle o (see 19). Probably if this Frenchman could hear the same word with...
