Reviews

This ebook is very gripping and intriguing. I have got read through and i also am confident that i will gonna read through yet again again down the road. Its been written in an extremely straightforward way and it is merely right after i finished reading this book through which actually altered me, alter the way i really believe.

(Noble Hagenes)

MADNESS: THE INVENTION OF AN IDEA

HarperCollins Publishers Inc. Paperback / softback. Book Condition: new. BRAND NEW, Madness: The Invention of an Idea, Michel Foucault, Alan Sheridan, Compelling and highly influential, Michel Foucault's Madness is an indispensable work for readers who wish to understand the intellectual evolution of one of the most important social theorists of the twentieth century. Written in 1954 and revised in 1962, Madness delineates the profound shift that occurred in Foucault's thought during this period. The first iteration reflects the philosopher's early interest in and respect for Freudian theory and the psychoanalytic tradition. The second part marks a dramatic change in Foucault's thinking. Examining the history of madness as a social and cultural construct, he moves into a radical critique of Freud and toward the postmodern deconstruction that was to dominate and define his later work.
