My wish in writing this paper is to convince readers of the peculiar beauty and importance of the highly dynamic aviation landscape of the southern Chinese Pearl River Delta. Airfreight is an essential and highly sophisticated part of an economy s logistics infrastructure. A functioning infrastructure is vital for the development of an economy, in particular for its international trade. As trade is a key component in China s economic success formula, demand for an efficient infrastructure is high. Air transportation has become one of the most effective tools to explore and serve world markets. In today s highly competitive business world, just-in-time delivery and good customer service are absolutely crucial. The overall trend towards fast reliable delivery and the transformation of China s economy along with the value chain of production, have boosted demand for air transportation. Due to these developments, the air cargo market, which is still at low levels particularly in domestic transportation, is one of the fastest growing markets in China. The regional focus of this study is on the economic powerhouse of China, the Pearl River Delta (PRD) located in the southern province of Guangdong. Everyone who knows the highly industrialised landscape of the PRD would probably agree, that the region s nickname factory of the world is more than appropriate. The PRD has the highest per capita output in China and generates about one third of national exports. The Greater...
