Brand New Book ***** Print on Demand *****.For many financially smart individuals, having an alternative and multiple streams of income is non-negotiable. Making money online is one of such avenue that has the widest appeal for students, stay-at-home moms, work-at-home addicts, semi-retired workers and even the bed-ridden. One of the latest trends in the online job market scene is the micro job. A micro-job is any temporary, small task, freelance job that targets independent contractors for minimal pay. These jobs might include crowdsourcing projects and online or even real world tasks. There are no long-term commitments for a micro job and tasks can be completed within a few hours or days. Despite the allure of online freelance jobs, they might not replace income from a full-time job. However, it is an excellent medium for you to market your skills thereby increasing your chances of meeting long-term, high-paying clients. In addition, for those rare individuals who wish to stay on top of their game, Fiverr presents also an excellent opportunity to hone your skills in the process. So, let s get started!.
