## KARAMBA

Trafford Publishing, Canada, 2007. Paperback. Book Condition: New. 226 x 147 mm. Language: English . Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.Karamba, a long distance truck driver, AIDS patient and health education advocate, teams up with his friend and physician, Cinzano, to educate the largely ignorant populace via the media about AIDS. Unfortunately, the media itself was not only ignorant of the issues involved in AIDS, but was only looking for an opportunity to feather its nest, exploit Karamba and sensationalize his predicament for mercenary purposes. Government encourages it, seeing that the media stance covers up its ineptitude and corruption, even as top government officials divert funds provided by international donor agencies into personal pockets and lavishly pad condom and ARV contracts awarded to cronies and business associates. Dr. Cinzano, a government employed medical practitioner, stepped in on the side of the AIDS patients to expose the corruption, deception and exploitation. But alas! He seems to have taken up a fight against a Behemoth, with very slim chance of success. He lost his job in concocted circumstances, but kept on the fight, which soon assumed a national dimension and attracted the attention of the donor agencies and the international community, both of which promptly stopped further funding. The resulting violence eventually led to spurious allegations sponsored by government against Cinzano aimed at delisting him from the register of licensed medical practitioner. The process started from a panel set up by government to publicly probe him using beneficiaries of government contracts as members. Unfortunately for government, the public inquiry took a turn that exposed the government in many ways than one. The story's landscape is that of an impoverished African country firmly held in the throes of the AIDS pandemic, amidst widespread poverty, ignorance and exploitation by the privileged....
